Glen Fuels Magnus™ Monitor System - Domestic

Glen Fuels Magnus™ Monitor System Domestic Use Terms and Conditions

Contract Duration - Minimum Term 36 months.

Fees - All fees in this application form are for a standard, domestic, oil-fired heating tank no greater than 3,000 litres in capacity. Larger tanks fall into a commercial category and are priced on application.

Installation Fee - Installation of device on a plastic (bundled or single skin) tank, stored under normal tank storage conditions, is charged at €30.00 (inclusive of 23% VAT). Installation of device on a steel tank is subject to a site survey and is priced on application. The Installation Fee is due after we have installed the Monitor. When we have received the Installation Fee, we will activate the Monitor.

License Fee - The License Fee includes use* of the Magnus™ Monitor device, activation of Magnus™ Monitor to sync with Magnus™ Monitor app and Glen Fuels for the purpose of our remote monitoring service, and priority deliveries.

Annual License Fee - The License Fee of €60 is paid once a year for the Minimum Term contract duration. You will receive an email renewal notice 30 days before the annual payment is due.

Late/Non-Payment - When we have received the first License Fee payment, we will schedule installation of Magnus™ Monitor and activation of the Glen Fuels Magnus™ Monitor System. We reserve the right to charge a €20.00 fee in the event of a default of a direct debit payment.

Device Ownership* - Unless you buy the Magnus™ Monitor outright, it remains the property of Glen Fuels. If you do not purchase the Monitor from Glen Fuels before, during or after the Minimum Term, Glen Fuels reserves the right to remove the Monitor and/or cancel the service in the event of a returned direct debit payment or if you cancel the service.

Data Signal - Monitor installation is subject to network coverage availability at the installation location. The service is contingent on the reliability of the data service provider in that geographical location at any given time. Glen Fuels and Magnus™ Monitors are not the data service providers.

Damage to Device - (1) You, or a third party, must not interfere with or cause obstruction to the Monitor as you will be liable for full replacement and/or repair costs. If an engineer is required to visit your property after installation, our call-out rates will apply. (2) If the Monitor becomes defective during the Minimum Term, we will repair/replace the Monitor at no cost to you.

Technical Support - In the event of a technical issue with the Magnus™ Monitor or App, please contact your local Glen Fuels depot.

Moving House - If you are moving house, you must notify Glen Fuels immediately so that we can remove the Monitor.

Cancellation and Refund - (A) At the end of the Minimum Term, the service will automatically roll over into another Minimum Term contract. To cancel the Service, we require 30 days' written notice from you at any time during the Minimum Term contract. (B) To stop the direct debits rolling into another Minimum Term contract, we require 30 days' written notice from you. (C) After the initial cooling-off period of 30 days, we do not offer a refund on the License Fee.

Privacy - Glen Fuels Services Ltd and Magnus™ Monitor respect your right to privacy. Both parties are fully GDPR compliant. Visit glenfuels.ie/privacy/

Unique Mandate Reference (admin)

Credit Identifier: IE45ZZZ301474

Legal Text:

By signing this mandate form, you authorise Glen Fuel Services Ltd to send instructions to your bank to debit your account and that your bank debits your account. As part of your rights, you are entitled to a refund from your bank under the terms your agreement with your bank. A refund must be claimed within eight weeks starting from the date on which your account was credited. Your rights are explained in a statement that you can obtain from your bank.
